

WELCOME
to the
Energy Performance Contracting
Workshop

Den Haag
1 October 2009

About **eu.esco**

eu.esco is the European Association of Energy Services Companies (ESCOs).

It was founded in 2009 by **eu.bac**, the European Building Automation and Controls Association.

eu.esco objective is to accelerate the adoption of Energy Performance Contracting (EPC) in Europe to help the european member states achieve their energy efficiency targets.

More details at www.eu-esco.org
